

Health and Safety

We believe that a safe work environment is a basic necessity in our efforts to be a good employer. It is our corporate conviction that no phase of our Company's business is of greater importance than the safety of our employees. We make every effort to comply with all occupational health and safety laws and regulations to develop the best feasible operations, procedures, technologies, and programs to achieve a healthy and safe workplace.

The backbone of our Health and Safety Policy emphasizes individual responsibility while recognizing a safe work environment can be established and sustained only through a united effort by all employees and effective administration, education, and training. Each employee is expected to perform their job properly in accordance with established procedures and safe work practices to ensure their own personal health and safety and that of others in the workplace.

Our company goal is to prevent all workplace accidents.
